

ACSCC Versatility Awards

The American Cocker Spaniel Club of Canada's (ACSCC) Versatility Awards program is intended to encourage the participation of American Cocker Spaniels in the many various activities available to dogs and their owners, with a focus on Canadian Kennel Club (CKC) sanctioned events.

The ACSCC would like to acknowledge an individual dog's accomplishments and to acknowledge the versatility of the American Cocker Spaniel as a breed.

The ACSCC Versatility Awards are presented to members of the ACSCC whose American Cocker Spaniels have met the following requirements:

- Titles awarded by any titling body will be considered, with higher consideration given to titles awarded by the CKC
- The ACSCC Versatility Award is available to ACSCC members in good standing only (if a dog is co-owned, at least one of the owners must be an ACSCC member in good standing)
- Each Versatility Award is a lifetime award with no time limitations for each individual American Cocker Spaniel
- Members must submit an application for each award and provide proof of their dog's titles
- Awards will be presented at the ACSCC National Specialty (either conformation or obedience) as practical, all other awards will be mailed to recipients in a timely manner
- Versatility Award requirements may be added to or amended in the future to accommodate the changing landscape of dog/human activities.

Point Values – Points will be awarded as noted for only the final level the dog has achieved in each venue. For example, in obedience, if the dog has achieved the CDX title, 3 points are awarded for obedience. Titles are CKC unless otherwise specified; other registries are recognized with proper documentation.
